

NOTIFICATION

Aeronautical Information Manual (hereinafter referred to as Manual), published by "Aeronautical Information Centre" Branch of the Federal State Unitary Enterprise "State Air Traffic Management Corporation in the Russian Federation" (hereinafter referred to as Publisher), contains aeronautical data and aeronautical information on aerodromes, flight rules, air traffic management, radio navigation aids, meteorological services, emergency procedures and is designated for preparation and execution of international flights in the specific region.

The Publisher at its own discretion determines the content, form of presentation and completeness of aeronautical data and aeronautical information contained in the Manual.

Official aeronautical data and aeronautical information of the states of the region are used for development of the Manual and Amendments to it. These data/information are published in:

- AIP, AIP Amendments and Supplements;
- NOTAM of permanent duration of validity.

In this case the aeronautical charts (procedures) of the Manual may differ from the identical charts (procedures), published in AIP of the states.

Authenticity of aeronautical data and aeronautical information contained in the Manual is provided by the publication of Amendments according to AIRAC dates and, if necessary, additional Amendments.

Warranty and Liability

Quality management system as applied to processing of aeronautical data and aeronautical information has been certified for conformance to the requirements of ISO 9001.

The process of preparation, processing and delivery of aeronautical data and aeronautical information provides the proper quality level of data and complies with the KT-200A requirements according to the Aeronautical Data Process Approval of the Aviation Register of the Interstate Aviation Committee.

The Publisher is responsible for authentic presentation of aeronautical data and aeronautical information used for development of the Manual and its Amendments.

The Publisher rejects any claims for any damage arising due to the use of the inadequate, incomplete, inaccurate, unreliable or unsafe data published in AIP of the states of the region.

Copyright

It is PROHIBITED to reproduce, store on the electronic media and retransmit the pages of the Manual and its Amendments in whole or in part, by any means without the prior written permission of the Publisher.
